Sir:

Supplementing the applicants' Information Disclosure Statement dated April 18, 2006, the applicants attach copies of EP 1 173 421 and EP 1 056 719, two of the three references marked with an asterisk on page 2 of the PTO-1449 as filed with said Information Disclosure Statement. It develops that, for some reason, a copy of EP 1 341 761 cannot be obtained. However, it is understood that this patent disclosure is equivalent to WO 02/30895 and U.S. 6,787,651, both of which are of record, being listed in the aforementioned PTO-1449.

The Examiner is requested to consider the attached, together with the references earlier cited, in the examination of this application:

Respectfully submitted,
